BACKGROUND

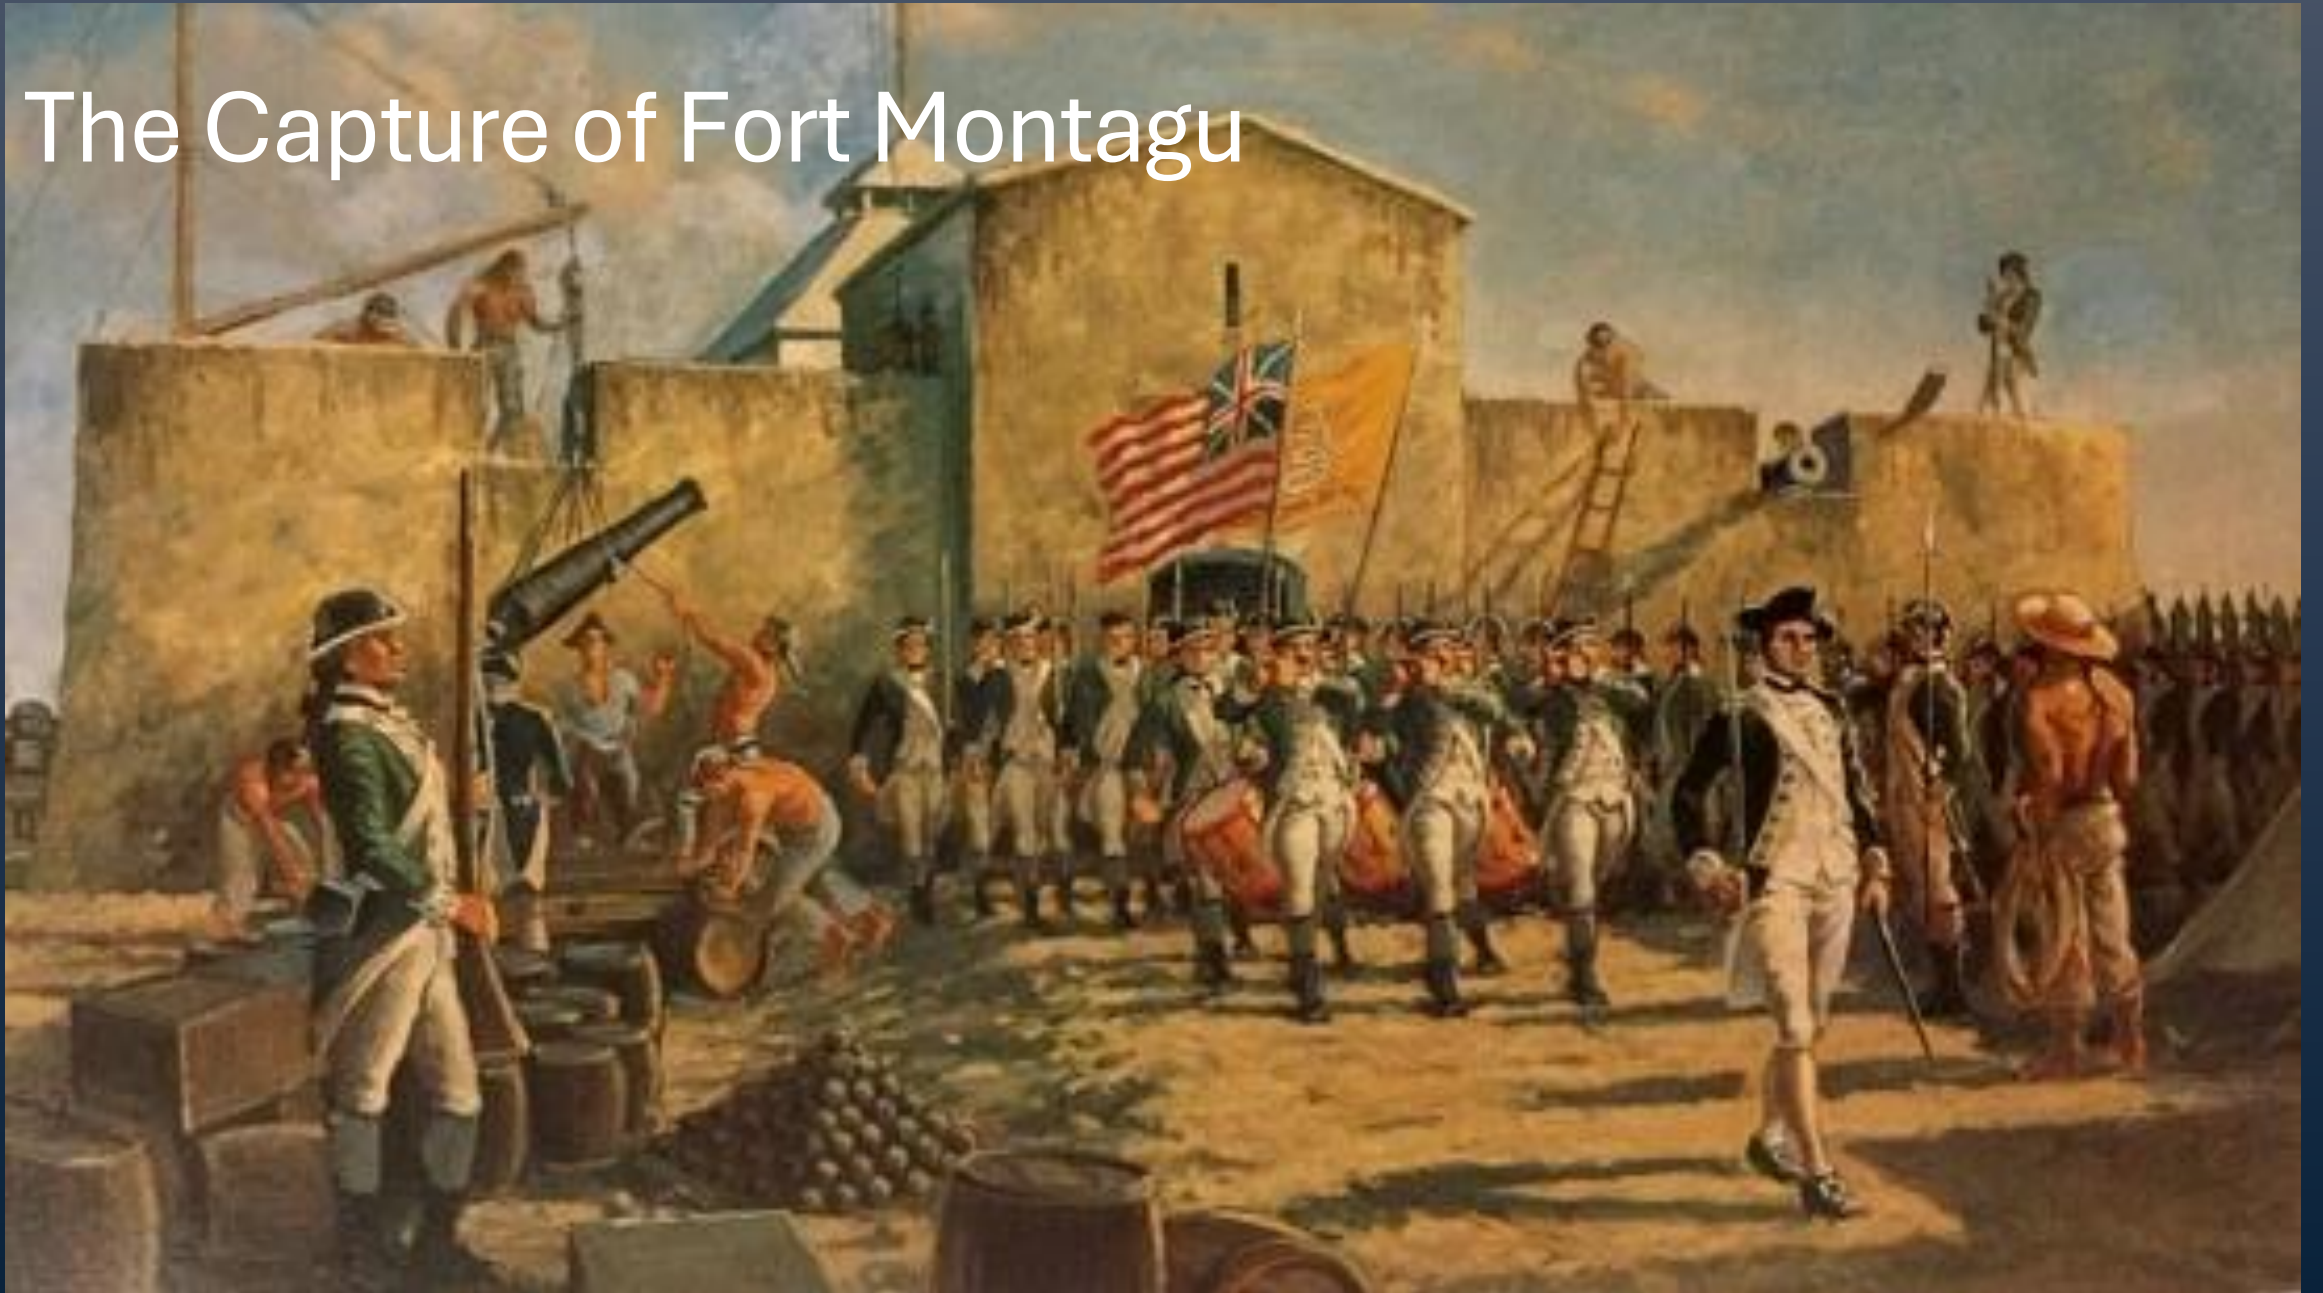

On 3-4 March 1776, our future nation's Continental Marines conducted the first amphibious assault landing on foreign soil

The offensive took place in two locations in the Bahamas on the island of New Providence--Forts Montagu and Ft Nassau

The fleet entered the Atlantic on February 17th under the command of Commander Esek Hopkins to disrupt the British offensive and obtain needed supplies and war material, including gunpowder, cannon balls, and cannons from these two forts

The landings were successful, and as a result, the British were forced to assign ships and troops in the Caribbean, which diluted their efforts on the mainland

FLSSAR INVOLVEMENT

The Florida Society of the Sons of the American Revolution became aware of this amphibious assault sometime ago, further, it was learned that the only known monument to the event is a small plaque in the Bahamas. Subsequently, it was decided it was appropriate to erect a memorial to commemorate this historic event.

Pompano Beach was chosen among other reasons as the closest logical location on the US mainland to the actual landing site in the Bahamas. The location currently receives approximately 280,000 visitors annually.

A committee was formed to plan, coordinate, raise funds, and erect a fitting monument. The committee has been engaged in these tasks for several months.

City of Pompano Beach Involvement

Heart of the Gold Coast

The City of Pompano Beach has worked tirelessly along with the FLSSAR to make this dream become a reality

- They have collaborated with our organization to provide a location at their newly rebuilt \$13.5 million fishing pier and \$15 million beach redevelopment area, now known as the Fishing Village. Pompano Beach attracts approximately 1 million tourists annually who choose it as their vacation destination.
- The Tourism Committee enthusiastically embraced the idea of constructing the monument in their city early in the process. The City Commission unanimously approved the establishment of the monument at the Fisher Family Pier.
- Broward City Commissioner and former Mayor Lamar Fisher of Pompano has consistently voiced strong support for this initiative, expressing his excitement about it being located at the Fisher Family Pier.

Pompano Beach is home to:

- Beautiful soft golden sand beaches
- The Fishing Village, which is a 6-acre beachfront destination with upscale & casual dining and hotel
- 52 parks
- Water Taxis
- Live coral reefs, popular with snorkeling and scuba divers
- Shops & Restaurants
- Harrah's Pompano Beach Casino
- Top Golf
- Open-air Amphitheater
- Sample-McDoogled House, a historic home built in 1916 with a museum, park and event venue

PLANNING STAGES

Please note that there are no confirmations at this time

The First Marine Amphibious Landing Committee is working with the city of Pompano Beach, the Tourism Committee, and local eateries to provide:
